Dear Parents, Educators, and Supporters,

Please join us for October's Arlington Montessori Action Committee (AMAC) meeting. We will start the year off with a book discussion of Paula Polk Lillard's *Montessori Today* (at the Montessori Resource Library at Drew, and as Kindle or paperback from Amazon for \$10.00).

Please visit our website, and join the listserv and like us on Facebook to stay informed. I hope you will also consider becoming a paying member to get more involved and support AMAC's efforts (form on back).

Our meetings are on second Wednesdays of the month, and they are open to all who are interested in Montessori.

Sincerely,
Kathleen Trainor
AMAC President

Arlington Montessori Action Committee

Arlington Montessori Action Committee (AMAC) is a non-profit group of Montessori parents and educators whose primary goals are to promote and expand Montessori education and to build community among Montessori families in Arlington. AMAC advocates for Montessori students, teachers, and families, and – often partnering with Arlington Public Schools – brings people together from across the county for education and fun.

Member involvement and dues help make the following possible!

- ✓ Picnics, camping, summer playdates, Star Gaze at the Corn Maze, museum outings, and parent education sessions
- ✓ Strength and growth of the APS program: AMAC has played a key role in the creation of the APS Montessori Middle School program, the addition of two K-1 classes and one Primary class at Drew, and the development of a 3-5 year plan for the Montessori program with the APS Montessori Steering Committee. The plan includes a substantive set of recommendations for continued growth and improvement of the program
- ✓ Discounts and some events and the privilege to vote and run in AMAC officer elections
- ✓ A network of fellow Montessori families in Arlington

Join AMAC today! For more information and to join online visit www.ArlingtonMontessori.org. Or fill out and return the membership form below, along with your \$12.00 dues check.
